

TapFuse is a growing mobile app development company based in London, with teams working in Lithuania and Thailand. Our **eventSpark** application is designed to address all the key problems faced by event organizers, before, during and after their events; and offer additional value added features for the other stakeholders (attendees, sponsors and media partners).

Tapfuse is backed by investors and currently in the process of raising a second round of funding. We are looking for driven and creative talent, who share our vision to disrupt the event industry and its current incumbents.

BACK-END DEVELOPER

We are looking for back-end developer who would like to join TapFuse team.

What are you going to do ?

You will be working with Meteor.JS and MongoDB building cross platform applications.

We expect you to

- have experience working with Node.JS or very good JavaScript knowledge (Meteor.JS experience is a benefit)

- have experience working on a Mac or Linux machine
- have a passion for developing web applications
- have desire to constantly question and improve your skills and knowledge
- be able to communicate fluently in both written and verbal English
- be passionate about technology
- be independent problem solver

Good to have:

- in-depth knowledge of HTML 5 features: SVG, Canvas, HTML 5 Javascript APIs, local storage
- experience in Mobile Web development for iOS/ Android OS/ Blackberry OS
- hacker/ BSc/ MSc in computer science or related fields/ contributor to open source projects
- experience in Test Driven Development (TDD)/ continuous delivery methodologies

We are offering:

- a place in a growing company, with an experienced and professional team
- rewarding salary
- career growth and personal growth opportunities
- share options
- flexible working schedule
- opportunity to work remotely

If you are interested in this offer, please send your CV and cover letter (in English) to jobs@tapfuse.io. We will respond within 2 weeks (after submission deadline) if your application matches our requirements. We look forward to hearing from you!
